

# Dog Biological Chart

This Biological Chart serves as a reference guide for veterinarians in their biological product selection. The vaccines and bacterins are delineated by their antigens. This chart uses data from the **Compendium of Veterinary Products** database, June 29, 2004 We recommend that any user of a product refers to the label.

Product Name	Bordetella	Borrelia burgdorferi	CAV-1	CAV-2	Coronavirus	Distemper	Giardia	L. canicola	L. grippityphosa	L. icterohaemorrhagiae	L. pomona	Measles	Parainfluenza	Parvovirus	Rabies	Salmonella
Borde-Vac 1 ( <i>TradeWinds</i> )	K															
Bronchicine™ CAe ( <i>Biocor</i> )	K
